

COVID-19 SAFETY **PRECAUTIONS & POLICIES:**

By entering this studio, you agree to these posted safety precautions.

- 1. LESSONS:** Only piano lessons will be offered in-person, voice lessons will be held online. There will be 15-minute intervals between lessons for sanitizing the studio (wiping down all surfaces that people touch). In the studio are four HEPA air purifiers around the studio that will create 4 air changes per hour.
- 2. MASKS:** All persons entering the studio must wear a face mask that covers the nose and mouth, I will also be wearing a mask and will be changing masks in between lessons. Extra reusable masks (that will be sanitized after each use) in varying sizes are available in the entryway in the event that you don't have one or forget yours and returned at end of lesson. The face mask must be on before coming upstairs. Persons entering the studio are limited to the student only, if the student is a minor, one parent/guardian may accompany the student.
- 3. WASH HANDS:** All persons entering the studio must immediately wash hands in the bathroom prior to starting the lesson. Please refrain from touching your face and mask during the lesson.
- 4. SEATING:** My normal seat is approximately 4 feet away from the piano. When possible, I will sit at the desk 6-8 feet away, but there may be times when I must get closer to demonstrate or point out items on the sheet music. I will do my best to keep a safe distance for the majority of the lesson. Parents may still sit in the waiting area upstairs.
- 5. SYMPTOMS:** If the student or anyone in the student's household is exhibiting symptoms (fever, aches, chills, coughing, runny nose, lethargy, loss of taste/smell), please absolutely do not come to lessons. In that event, we will discuss online lessons for 1-2 weeks or until a COVID-19 test has been performed and results determined.
- 6. TRAVELING:** If the student travels outside of Juneau, the next two lessons will be online. Likewise, you are welcome to do online lessons (when possible) while traveling. I ask that any family members who have traveled refrain entering the studio for 14 days after their return.
- 7. ONLINE VS IN PERSON:** At any point I (or the city or state) may determine it is necessary to move all lessons to 100% online. In that event, all will be given online lessons for the remainder of that month and have the option of terminating lessons at the end of that month (the regular termination 4-week notice policy will not apply). There will be no refunds given if the client does not want to do the offered online lessons for the remainder of the month.
- 8. FALL VOICE LESSONS:** At the end of each month I will determine whether or not voice lessons must stay online or may reopen to in-person lessons. To make that determination I will use our current city and state numbers as well as the most current scientific research and statistics on the vocal/aerosol emissions related to COVID-19.
